

## STUDY POINTS

### Head and Neck Module

---

*MyEMCert study points can be used to focus areas of study and preparation. The study point does not contain specific information that would lead you to the diagnosis or correct answer but would instead direct you to learning and reference materials.*

#### Head and Neck Module Study Points

##### Head

- Treatment of specific causes of headache
- Recognition and treatment of migraine headaches
- Recognition and treatment of meningitis
- Differentiating low-acuity and high-acuity causes of headaches
- Evaluation of patient with closed head injury

##### Children

- Treatment of specific causes of headache in children

##### Facial Region

- Evaluation of facial swelling
- Treatment of specific causes of facial swelling
- Causes of facial weakness
- Evaluation of jaw pain
- Treatment of specific causes of jaw pain
- Treatment of facial injuries

##### Eyes, Orbits, and Periorbital Region

- Diagnostic evaluation of visual changes
- Diagnosis of visual loss
- Causes of vision loss
- Evaluation of eye redness
- Treatment of specific causes of eye redness

- Evaluation of eye pain
- Causes of eye pain
- Complications of intraocular foreign body

### **Ears Auricles, and Periauricular Area**

- Treatment of complication of otitis media

#### Children

- Diagnostic approach to ear pain in children
- Treatment of pediatric otitis media

### **Nose**

- Evaluation and treatment of epistaxis
- Treatment of persistent epistaxis
- Treatment of nasal packing for epistaxis

#### Children

- Causes of epistaxis in children

### **Pharynx and Intra-Oral Regional**

- Evaluation of pharyngitis in adults
- Treatment of specific causes of pharyngitis
- Treatment of specific causes of mouth lesions
- Treatment of dysphonia
- Physical exam findings of suppurative parotitis
- Treatment of specific causes of mouth lesions
- Evaluation of oral lesions

#### Children

- Causes of oral lesions in children
- Pediatric oral injuries and evaluation of child abuse
- Treatment of post-tonsillectomy complications

### **Dental**

- Treatment of mouth pain and odontogenic disease
- Treatment of specific causes of dental pain
- Treatment of dental infection
- Treatment of complications of dental infections
- Treatment of dental trauma

### **Swallowing and Trismus**

- Causes of dysphagia
- Evaluation of trismus
- Management of patient with trismus

#### Children

- Causes of dysphagia in children

### **Anterior Neck and Submandibular Area**

- Diagnostic approach to neck pain
- Treatment of specific causes of neck pain

- Diagnostic approach to neck swelling
- Treatment of specific causes of neck swelling
- Treatment of specific causes of neck stiffness
- Diagnostic evaluation of anterior neck trauma
- Treatment of penetrating wounds to neck

#### Children

- Causes of neck pain in children

#### **Cervical Spine and Spinal Cord**

- Diagnostic approach to neck pain
- Treatment of specific causes of neck pain
- Recognize spinal cord injury syndromes
- Treatment of complications related to neck trauma

#### **Allergies**

- Treatment of anaphylaxis

#### **Miscellaneous Topics**

- Evaluation of dizziness
- Approach to the trauma patient
- Causes of hemoptysis
- Appropriate management of ingested button battery in children
- Recognition of presentation of stroke secondary to carotid artery dissection
- Management of acute stroke secondary to carotid artery dissection
